REMARKS:

Subject alien, who is at present in the United States, intends to apply at this Consulate for an immigrant visa. He is the beneficiary of VP 16-3091 under Section 203(a)(A) of the Act. He is offered employment by the Western Tube Corporation of Whittier, California. His Romanian passport, No. 023526 dated April 15, 1946, has expired. He states that he has been expropriated by the communist regime in Romania.

A search of the files of the Legation at Bucharest, both those in the Department and at that post, revealed no adverse information. As indicated above, the alien has not yet been available for questioning in the Consulate. Supporting documents submitted by the alien's attorney give no indication of grounds for withholding a visa. Unless the Department is in possession of derogatory information not available to this office, the Consulate is inclined to recommend that the alien be granted an immigrant visa, if otherwise qualified.
